

Oyster identifies the gaps between the organization you have and the organization you want. We create actionable plans that senior leaders can implement immediately. We evaluate the strategic health of your organization using the *employee experience* as an anchor.

- C-level advising on HR challenges and program structure
- Leadership development
- Management and employee coaching
- Employee engagement
- Strategic planning facilitation
- Change management
- Talent development (integrated training)
- Strategic HR consulting (talent acquisition & retention, performance planning, succession planning, compensation & benefit design)

Who Needs Oyster OD?

Increasing Organizational & Individual Success in Today's Workplace

What does Oyster Organizational Development deliver?

EFFECTIVENESS

We increase the effectiveness of your operations by evaluating and linking people and processes.

INTEGRATION

We solve challenges with an integrated approach that fuels success. We maximize your investment by determining the real problem and matching it with effective solutions.

INTERRUPTION

We interrupt business as usual to rethink success and test long-held assumptions that may or may not be accurate.

RELEVANCE

We increase the relevance and value of HR by connecting it to business strategy and organizational success.
